

PRESTIJ SX

TIME TO UP YOUR PRESTIGE

Are you ready to begin to enjoy your city and inter-city journeys with Prestij SX, your new business partner? It is ready to bring that joy to you. Offering high performance and fuel efficiency, Prestij SX is a happy news.

OFFERING IDEAL DESIGN

The high maneuverability and dimensions underlying the flexibility of the vehicle are the leading elements of a design to match any road conditions. 7.1 m long and 3.3 m high Prestij SX makes your job easier in urban as well as long-distance travels. Versatile to serve multiple purposes, Prestij SX always keeps up with the time with its aesthetic lines and robust structure.

WHERE PLEASANT JOURNEYS BEGIN: COCKPIT

The ergonomic cockpit was designed by taking into account every detail to ensure the comfort of the drivers. Offering a comfortable and safe driving experience thanks to a number of high-tech features, journeys with Prestij SX is highly pleasant for drivers. The sliding, heated frontal side window and electrical heated rear windows offers the perfect view in all weather conditions.

The defroster located in the cockpit allows faster heating of the cockpit and contributes to driving comfort in all weather conditions. The rear view camera, rear parking sensor, tachograph registering speed and distance details, and advanced brake systems all serve your safety.

PRESTIJ SX INTERIOR VIEW

Based on your plans for the future of your business, Prestij SX with comfortable and luxurious seats, offers wide interior space and pleasant journeys contrary to its dimensions with 29 seating capacity.

In addition to the strong air conditioning system to provide a comfortable environment, the heater offered at the stairs on the rear-door serve to accelerate the heating of the entrance.

MAXIMUM EFFICIENCY, MAXIMUM PERFORMANCE

Prestij SX works harder for your business, and lives a longer life. MFTBC engine stands out with low fuel consumption and environment-conscious performance. The 2.998 liter engine offers 400 Nm @ 1600 rpm, generating 110 kW of power, and gives a truly maximized driving experience.

The MFTBC turbo engine equipped with Common Rail injection provides a perfect combination of power, performance, and efficiency. Thanks to the lighter design of the engine, you get to enjoy the power you want under any conditions and with any load.

PRESTIJ SX PRESENTS YOU ADVANCED SAFETY SYSTEMS

THE MOST COMFORTABLE JOURNEYS BEGIN WITH A SAFE DRIVING EXPERIENCE. PRESTIJ SX IS YOUR DILIGENT ASSISTANT IN YOUR JOURNEYS, WITH THE SAFETY SYSTEMS TO PROVIDE THE HIGHEST LEVEL OF SUPPORT.

ABS, ANTI-LOCK BRAKING SYSTEM

ABS Anti-Lock Braking System allows the driver to hit the brakes suddenly yet without losing control. It is a system designed to prevent locking of the brakes that helps reduce braking distance. The system enables safe driving even in emergency brakes.

ASR, TRACTION CONTROL SYSTEM

ASR Traction Control System is developed to prevent skidding of the wheels. ASR system prevents skidding to allow the vehicle to start moving even under difficult road conditions. It also enhances driving safety on slippery surfaces, and prevents excessive wear of the tires.

EBS, ELECTRONIC BRAKING SYSTEM

EBS, Electronic Braking System, provides an optimized level of control during brakes. It is integrated into an electronic system that combines the brake control system, ABS and ASR. It produces better results in shorter braking distances, and leads to lower levels of disc wear.

ESC, ELECTRONIC STABILITY SYSTEM

ESC, protects your vehicles from negative effects of challenging road conditions. It interferes with the engine's operating system and provides different levels of traction to each wheel. Doing so allows the adjustment of traction on individual wheels, combined with different braking power for different wheels, to provide the optimal level of traction for all 4 wheels. These adjustments prevent the loss of control of the vehicle in case of sudden steering wheel interventions applied for sharp cornering.

AEBS, ADVANCED EMERGENCY BRAKING SYSTEM

AEBS, offers automatic braking capability in case of danger. It automatically intervenes in response to sudden developments which pose a risk of a crash, and helps prevent or reduce the impact of potential crashes.

LDWS, LANE DEPARTURE WARNING SYSTEM

LDWS, warns the driver with an audio and vibrating alert whenever the vehicle moves out of the lane. The system helps you to stay in the lane and increases the level of safety, by warning you through multiple means in case the vehicle moves out of the lane.

DIMENSIONS AND WEIGHTS

Length	7168 mm
Width	2.262 mm
Height (incl. air conditioner)	3.352 mm
Floor-To-Ceiling Height	1.930 mm
Wheelbase	3.350 mm
Front Overhang	1.613 mm
Rear Overhang	2.205 mm
Turning Diameter	14.900 mm
Approach Angle	12°
Seating Capacity	29 + 1
Gross Vehicle Weight	8.160 kg
Total Luggage Volume	3 m ³

ENGINE

Model	E6 MFTBC
Type	Diesel, 4 Stroke, Turbocharged, Direct Injection
Number of Cylinders and Layout	4 Cylinder in-Line Engine
Bore/Stroke	95,8 x 104 mm
Volume	2,998 L
Maximum Power	110 kW/150 PS @2625 rpm
Maximum Torque	400 Nm @1600 rpm

TRANSMISSION

Model	MFTBC
Type	Manual
Number of Gears	5 Forward + 1 Rear

AXLES

Front Axle Type	Rigid
Front Axle Capacity	3.100 kg
Rear Axle Type	Rigid
Rear Axle Capacity	5.060 kg
Differential Ratio	5,714

RIMS & TIRES

Rim	6,0 x 17,5
Tire	225/75 R17,5

FUEL & UREA TANK

Fuel Capacity	160 L
Urea Tank Capacity	12 L

ELECTRICAL SYSTEM

System Voltage	12 V
Battery	1x12V, 225 Ah

STEERING WHEEL

Hydraulic Steering	Standard
Steering Wheel Tilt and Telescopic	Standard

BRAKES

Service Brake	Standard
Parking Brake	Standard
Exhaust Valve Brake	Standard
ABS (Anti-Lock Braking System)	Standard
ASR (Anti-Slip Regulation)	Standard
EBS (Electronic Braking System)	Standard
AEBS (Advanced Emergency Braking System)	Standard

INTERIOR

Multiset	Standard
Curtain	Standard
Parcel Rack	Standard
Assistant Seat	Optional
Handle, Dashboard	Standard
Reclining Passenger Seats	Standard
Sliding Mechanism for Passenger Seats	Standard
Service Tray for Passenger Seats	Standard
Seat Pocket (NET) for Passenger Seats	Standard
2 Point Safety Belt for Passenger	Standard
25 or 27 Seats Layout	Optional

EXTERIOR & BODY

Rim Cover	Standard
Opaque-White Exterior Colour	Standard
Metallic Exterior Colour	Optional

DRIVER'S AREA

Sunvisor	Standard
Interior Mirror for Driver	Standard
Right Armrest for Driver Seat	Standard
3 Point Safety Belt for Driver Seat	Standard
Sliding Front Heated Driver Window	Standard

SECURITY

ESP (Electronic Stability Programme)	Standard
LDWS (Lane Departure Warning System)	Standard
Fire Warning System for Engine Room	Standard
Engine Room Fire Extinguisher System	Standard
Fire Extinguisher	Standard
Safety Hammers	Standard
Low Voltage Warning	Standard
Circuit Separator on Battery	Standard

WINDOWS AND CLIMATIZATION

Air Conditioner	Standard
Additional Heating System	Standard
Driver's Defroster	Standard
Convector	Standard

ELECTRONIC EQUIPMENTS

Radio & Mp3 Player	Standard
Cooler	Optional
Front Microphone	Optional
Rear View Camera	Optional
Electrically Adjustable Exterior Mirrors	Standard
Reverse Gear Buzzer	Standard
Rear Parking Sensor	Optional
Tachograph	Standard

OTHER EQUIPMENTS

Fog Lights	Standard
Electrical Horn	Standard
Random Coded Lock	Standard
First Aid Kit	Standard
